Filing of Candidacies For Township Offices Starts, Election Apr. 2

Terms for Clerk, Assessor, J. P.'s, Constables End This Spring

Candidates are now filing for township offices in preparation for the election on April 2.

Offices to be filled are that of clerk, justices of the peace, assessor, and constables.

Llewellyn Van Patton, who has done a good job as clerk for the past eight years, again will be a candidate.

Officers whose terms also expire are: Assessor John P. Miller; justices of the Peace John Brogan, Richard Folbrick, John Delany, and Atty. Richard Seyfarth; and Constables Peter Matteoni, Rick Eckert, Louis Smock, Joesph Flannagan, and Gile Edwards.

The township is entitled to one more justice of the Peace to make a total of five.

First to file for another term was Constable Matteoni.

The twons board will meet tonight Supervisor Lloyd Murrie said, but the only business scheduled is payment of bills. Members of the board are the supervisor, the clerk, the justices of the peace who have as their attorney, Ted Larson.

Game With Grant High Friday Night to Show Sequoit League Power

Bulldogs are Big Hurdle for Antioch; Warren Next On Schedule

Rapidly approaching the second round of play, the Antioch High School Sequoits are more than holding their own against all competition and as for conference play are near the top.

The real test will come tomorrow evening when Antioch meets the Grant Bulldogs here. From all indications it will be Grant whom the Sequoits will have to beat for the conference championship although they have fallen a victim to Palatine. The return game with the Pirates will show different results.

The Sequoits will have another tough game on Saturday night when they go to Gurnee to play the Warren Blue Devils. While Antioch beat Warren in the invitational at Grant during the holidays that doesn't mean that the Blue Devils will not be ready for a comeback.

Just what Antioch High has to

(continued on page 12)

Blubber Club Will Go Into Action Tuesday Night at High School

The Blubber Club, an open organization which gives oldsters a chance to exercise a little once a week and keep in trim, again is being formed and will go into action Tuesday evening at the high school.

Play will be from 8:30 to 9 p.m. or as long between those hours as the participant chooses.

Restrictions are that the club members must be over 25 years of age, (The speed demons just out of high school are just too much competition and make the games too fast, especially if it is basketball).

The Blubber Club members play just whatever suits their fancy. They may play volley ball for a while, and then may decide on a little basketball.

Anyone and everyone may participate if he meets the age requirements.

Boy Scouts Collect Eight Tons of Paper In Their First Drive

The Antioch Boy Scout troop obtained eight tons of waste paper in its collection on Dec. 29. The great success of this pickup was credited to the generousity of the men who donated their trucks and their time to help the Boy Scouts and Cub Scouts do a good job.

This is the first of 12 such drives scheduled for this year. The next will be on Jan. 26.

The scouts say they appreciate the cooperation of the people in saving the paper and tying it in bundles so that it can be handled easily.

The area collection is from Millburn rd. to the state line and from Rte. 45 to Fox River.

The scouts say "Don't burn it, Save it for the Scouts' paper drive."

Grass Lake District To Vote Saturday on School Bond Issue

Board Seeks $76,000 to Build Addition of 4 Rooms, Cafeteria

Grass Lake Grade School District No. 36 will vote Saturday on the proposal to issue $76,000 in bonds to build an addition to the present building.

The amount is nearly $20,000 under the amount previously asked by a three-man board whose members are a part of the present seven-man board, which has been studying the problem since June 12.

In the previous election the proposition lost on the basis of interpretation of what is considered a majority vote, the 133 "Yes" votes not having been enough to carry the proposition considering the number of persons who voted, and the number of ballots spoiled, although only 131 voted "No."

Voting Saturday will be from noon to 7 p.m. at the school building.

The bond issue now asked will provide for four classrooms and an English-type basement which can be used as an assembly room and cafeteria.

A public meeting was scheduled for last evening by board members so that questions regarding the proposals and the plans for building could be answered.

The Lake County Civic League while making no recommendation, said the bond retirement scheduled will be favorable to the taxpayers.

Benefit Performance At High School to Have Fencing, Judo, Basketball

A benefit performance in which the Antioch Scouts, basketball team made up of former high school basketball stars, and the Crusaders of Ingleside will share has been arranged for Wednesday evening, Jan. 23 at the Antioch High School gym.

The program will open at 7:30 p.m. with the Scouts playing the Bristol All-Stars, which currently leads the Kenosha Amateur Basketball League.

Comedy will be injected into the program when the Antioch Harem Globtrotters, formed of college stars, will play the Antioch High School faculty, led by "Hamlet" Chiapetta. Harem Globetrotters will be "Rocket" Carlucci, the Stanich brothers, the Field brothers, and Fordomatic Koenig.

Music will be furnished by Mrs. Laura Young at the Hammond organ.

During intermission the judo and fencing teams of the Crusaders of Ingleside will preform. This is a new organization of teenagers which is getting training in various sports ing and judo to teenager groups and is attempting to introduce fencthroughout the county.

Annexation of Land Gives Lake Villa Site For New School Bldg.

Lindenhurst Is Transferred From Antioch District to Lake Villa

Annexation of 123 acres of land, part from Antioch District 34, and the rest from Millburn District 24 by Lake Villa Grade School District 41 will permit the Lake Villa Board to obtain a site from Millburn for its proposed new $200,000 school.

The County Board of School Trustees of which Robert Wilton of Antioch is a member, approved the withdrawl of the two tracts of land from the Antioch and Millburn districts and annexation to Lake Villa during a meeting Monday evening.

There was no objection on the change.

The property involved is north of Sand Lake Rd. and northeast of Lindenhurst. The 76 acres from the Millburn district comprises tracts which have few or no buildings.

The 47 acres in the Lindenhurst area taken from the Antioch district resulted from a petition of 38 property owners who said the children from their area had to pass the Lake Villa School in coming to Antioch, and that this constituted a waste of expense in hauling, and a waste of time in travel.

The complaint was regarded as obvious and just.

All of the land involved is within the Antioch Township High School area, however.

Legal matters in the transfer will take until July 1, but the Lake Villa School Board to save much needed time will act before that in asking the voters to purchase 11.55 acres at the northeast corner of Sand Lake and Beck Rd. on which the board has obtained option from J. Gordon Bonner, and endorse the $200,000 bond issue to construct a 6-room and kindergarten school building now planned by the Chicago architectural firm of Thomas J. Higgins and Associates.

In doing this, the board is abandoning a plan to place the school at

(continued on page 12)

John Biggerstaff Dies Following Long Illness

John A. Biggerstaff Sr., aged 67, of Shady Nook subdivision, died at 3:30 a.m. Friday at Lake County General hospital in Waukegan following a lengthly illness.

Born in LaBelle, Mo., Feb. 8, 1889, Mr. Biggerstaff moved to Chicago as a young man, and came to Antioch 14 years ago upon his retirement as an insurance broker.

Serviving are the widow, Jane, a son, John A. Biggerstaff of Antioch, and a daughter, Virginia Biggerstaff Tiner, an uncle, James Wyley Agnew of Altus, Okla., and three grandchildren.

The funeral service was held at 1:30 p.m. Monday at the Strang Funeral home with the Rev. John W. Clark of the Zion Revival Center officiating. Interment was in Home Oak Cemetery, Zion.

Scouts Beat Bristol, 65-53; Down McHenry 81-65

(By Nick Ryan)

The Antioch Scouts started the New Year right with two consecutive wins. The first win was one over Bristol 65-53 at Salem Central High school. The second was over McHenry 81-65 on the Antioch court. It was the Scouts' fourth and fifth victories against two setbacks in the current season.

The Scouts jumped to a 20-14 first period lead against Bristol on Sunday night. The second quarter saw Bristol reach a 1-point deficit at half-time, 3-32. The first half was played under somewhat precarious conditions with one half of the court floor bing in a very slick condition. The constant use in the first half erased the hazard almost completely.

The Scouts broke loose again in the third period and were not challenged closely throughout the remainder of the game. The score was 50-42 at the start of the final period. The Scouts added 15 more points to their marking and ended the game 65-53.

Bill Baird, a big question mark for the Scouts due to a back injury, ripped 20 points through for the scouts in the first half and ended with 26. Al Reckers netted 16 for the game while Frank Balistreri and Jack Palmer got 10 and 7, respectively. Skora led the Bristol squad with 18 while Benedict scored 14 and Merten got 12.

The Scouts will play Bristol in Antioch on Jan. 23 in a return game That game will be preceded by a

Gerald Eckles, 19, to Face Charge Of Shooting His Wife's Parents

THE HONEYMOON IS OVER!

Mrs. Harry R. Reidel, 45, of Lake Villa Killed in Car-Truck Collision at Waukegan

Mrs. Alma I. Reidel, 45 of rural Lake Villa was killed in a headon collision of her car with a truck on Green Bay rd. near Airport rd. near Waukegan, at 3:44 p.m. Tuesday.

Her death became the fourth highway fatality of the new year.

The accident occured as Mrs. Reidel drove north on Green Bay rd. and overtook another car driven by Charles Curtis of Country Club rd., Waukegan.

She swerved into the southbound lane in the path of an oncoming trailer-tractor driven by Howard A. Sorenson, 7742 W. Berwyn Ave. Chicago.

The Reidel automobile was demolished and hurled into a ditch. Mrs. Reidel herself was thrown from the car by the impact.

Curtis said he saw the car approaching from the rear at a high rate of speed and told Deputy Sheriff Fred Zeason he increased his speed to avoid the collision and turned off on Airport rd.

Mrs. Reidel born April 4, 1911 in Wauconda, and lived at Prairie View and Mundelein before coming to Lake Villa in 1932. She held membership in the Lake Villa Community Methodist church.

Surviving are her husband, Henry R. Reidel, a son, Lawrence, of Antioch, a daughter, Mrs. Georgia Ellis of Antioch; her parents, Lee and Ivy Geary of Mundelein, five brothers, Ronald, Russel, Thomas, James and Walter Geary all of Mundelein; three sisters, Mrs. Beatrice Umbdenstock, and Mrs. Doris Gerlba, both of Mundelein; Mrs. Arleta Turner of Independence, Mo., and four grandchildren.

The funeral service was held at 2 p.m. today at the Strang Funeral home with the Rev. L. H. Messersmith officiating. Burial was in Warren cemetery.

Mrs. Anna Fink, 64, Buried at Grass Lake

Mrs. Anna Fink, 64, of Grass Lake died at 12:30 p.m. Friday at Condell Memorial hospital following an illness of 11 days.

Mrs. Fink was born December 16, 1892 in Chicago where she resided until he moved to Antioch 12 years ago. She was a member of Cedar Lake Camp, Royal Neghbors of America.

Serviving are her husband, Herman Fink, a son Forrest Fink, Chicago, and a sister, Mrs. Clara Massis, Chicago.

The funeral service was held at 3 p.m. Monday at the Strang Funeral home with the Rev. L. H. Messersmith officiating. Burial was in Grass Lake cemetery.

Noise, Smoke, No Damage

A little excitement but no damage resulted from the explosion of some accumulated gas in the furnace at the Antioch Recreation Sunday. The noise of the explosion in the basement was heard upstairs and when smoke poured out some got excited. However, an investigation proved that nothing of a serious nature had happened and it was not necessary to call the fire department. A strong wind was credited with having driven back the gas fumes in the furnace.

Chicago Banker Tells Antioch Women Laws Of Family Inheritance

"Don't take your law information second handed; see a lawyer when it comes to planning distribution of your personal and real property," Franklin S. Ruhl, assistant trust officer of the La Salle National Bank of Chicago, told members of the Women's Club Monday.

Under the Illinois law, unless there is a will, when the husband or wife dies, one third goes to the living spouse and two-thirds to the children.

If there are no children, the spouse gets all of the personal property and one half of the real estate, the other half going to parents, brothers, sisters and their decendants.

If there is no spouse the entire amount goes to the children, or if there are no children no brothers, sisters or parents, all goes to the other spouse.

Ruhl used the four letters of the word wife to illustrate his talk "Who Inherits Father's Estate."

He devoted much of his time to a question and answer period relating to wills and lack of wills, and management of estates.

Mrs. Ray Hamilton and Mrs. H. E. Shepard were welcomed into membership in the club and presented corsages. Mrs. Norman Benson reported on the winter meeting at Deerfield and Mrs. Clarence Spiering on the silver tea of the Kettle Moraine Woman's Club at Silver Lake, Wis. Mrs. J. E. Dompke reported that more than $500 has been collected for the Retarded Children's School fund in Antioch Township.

Refreshments were served by Mrs. Harry Lubeno and her committee.

Second Semester of Adult Classes Will Start on January 21

The Antioch High School has successfully completed the first semester of Adult Evening School. Approximately 60 adults have been registered in three courses of beginning Spanish, beginning Typing, and Woodshop.

The second semester of Adult Evening School will start during the week of January 21. It is necessary to have a minimum ten people register for a course. The fee is $10 for 10 class meetings.

If enough adults are interested classes in intermediate Spanish, intermediate Typing and Woodshop will be offered. The second semester term is from January 21 to April 12.

Intermediate Typing will meet on Monday evenings. Woodshop is scheduled for Monday or Wednesday and Intermediate Spanish will meet on Tuesday evenings. All classes are two hours in length.

Registration can be done by phone by calling the high school office or by coming to the first class session during the week of Jan. 21.

Returned From Flight To Sesser, Ill. Today By Lake County Sheriff

Burnett and Pearl Smith of Channel L. Have Bullets in Their Backs

BULLETIN

Gerald Eckles yesterday admitted to Sheriff Paul Collins of Franklin County, that he shot the parents of his wife, Mr. and Mrs. Burnett Smith, Tuesday evening with a .22 calibre rifle which has been found. "I don't know why I did it," he told the Franklin County sheriff.

Charged with the shooting of his wife's parents, Mr. and Mrs. Burnett Smith of Channel Lake,, Gerald Benton Eckles, 19, was returned today to the Lake County jail from Sesser, Ill., Franklin County, where he was taken into custody yesterday morning.

Eckles was found at the home of his grandmother, where police said he fled after the shooting Tuesday evening at the Smith home a quarter mile south of Rte. 173 west of this village.

Both Mr. and Mrs. Smith with rifle bullets still lodged in their backs are resting well at Condell Memorial hospital with strong hope for their recovery if unforeseen complications do not arise.

Mrs. Smith said that she recognized her son-in-law, Eckles, after he had shot through a west window at her husband. The shot struck Mr Smith in the back. Mrs. Smith said that she dashed to the telephone, carrying her 5-month-old granddaughter, Roxanne Vestal, in her arms, and that she was shot in the back as she stood at the telephone calling Antioch officials. She said she fell on top of the infant, but it was not hurt.

She was caring for another granddaughter, Rose Ann, 18 months, also a daughter of Mr. and Mrs. Marvin Vestal. Mrs. Vestal was formerly Verna Smith.

Antioch Rescue Squad Called

The Antioch Rescue squad took Mrs. Smith to the hospital, and Dr. C. P. Midgley gave initial treat-

(Continued on page 12)

Wilmot Beats Salem 52-47 at Central Gym

Wilmot won from Salem Central 52 to 47 Tuesday evening, in a nip and tuck battle that was decided from the free strow line.

The game bore no resemblance to the 59 to 39 drubbing given the Falcons by the Wilmot Panthers earlier in the season.

Wilmot led at the half 24 to 22, trailed at the end of the third period 30 to 35, then bounced back to take a slim one point lead with only 48 seconds to go.

The Falcons, desperate to get control of the ball as the seconds ticked on, repeatedly fouled Dick Timmer, the scoring ace. Timmer made 11 of 13 free thow tries and was high with 23 points.

Salem Central held Dick Skora to 6 points. Up to this time Skora had averaged 20 points per game.

Central's next game is with Menomonie Falls Friday night at Salem Central.

Wilmot's next game is with Delavan Friday night at Wilmot.

Robert Jenkins Hurt, Car Hits Utility Pole

Robert Jenkins, 35, was treated for face lacerations after his car struck a telephone pole at the southeast corner of the intersection of Rtes. 21 and 173 last Thursday noon.

After treatment by a local physician he was taken by the Antioch Rescue squad to Victory Memorial hospital for care until the next day.

Police Chief Walter I. Scott, who handled the first aid work, said he didn't know what caused Jenkins to drive off the highway.

Band Parents Meet Tuesday

The Antioch Grade School Band Parents Association will hold its monthly meeting at 8 p.m. Tuesday in the school cafeteria. Officers say this is an important meeting and all members are urged to attend. Solos will be played by several members of the band who will be presented in forthcoming contests.

Antioch Merchants End Milk Price War, Buyers' Two-week Spree Comes to an End

The milk price war in Antioch is now over, but while it lasted residents bought milk at the lowest price they have paid in years, 20 and 25 cents a half gallon.

Now the price is back up where it was at 43 cent the half gallon in stores and 40 cents in vending machines.

Those who patronize the vending machines are having to pay more than they formerly did and more than in nearby villages and cities, where the price has always remained stable at 35 cents.

The war ended Monday evening when Dean Milk Co., last to lower the price and then to a minimum, and last to raise it, gave instruction to stores that handle its products to restore the regular prices.

Earlier in the day the vending machine owners and the Atlantic and Pacific Tea Co. announced restoration of the higher prices.

Seine Carp Through Ice at Camp Lake

To get rid of carp in Camp Lake Wisconsin conservation men seined through the ice Tuesday.

Lewellyn Peterson of the fisheries division at Edgerton, Wis., said that it is easier to get rid of the carp in the winter when they go into deep water than in the summer when they are back in the marshes and mud.

The mesh of the seine was such that few game fish were disturbed.

The Ideas of Communism Are Dead

Only time can put events in their proper perspective. The news that makes black headlines today may be as dead as the Pharaohs tomorrow. But it seems as certain as anything can be that history will record that the most significant and far-reaching event of 1956, and perhaps of many years, was the revolt in Hungary.

This uprising was not successful in the ordinary sense of the word. Rifles and improvised grenades and fists, unfortunately, are no match for tanks and artillery. But in another, more fundamental sense, this act on the part of an oppressed people was almost incredibly successful.

It showed that courage, and the willingness to risk death and torture in the pursuit of freedom exist in undiminished vigor in this chaotic world.

It showed peoples everywhere, once and for all, the cruel true face of communism. This is enormously important. Reports from country after country state that membership in communist parties has abruptly declined, and that the circulations of communist and communist-sympathizing organs are shrinking. Well-known writers and other molders of opinion, who out of a mistaken and stubborn idealism once supported or tolerated communism, have openly proclaimed their defection from the party and from the Kremlin. The ruthless acts of the Soviet government and the Red Army have excited almost universal horror.

It showed, above all, that communism contains the seeds of its own destruction, and that its very structure is crumbling. A view that is held by all manner of experts was thus expressed by Kurt S. Lachmann, a journalist of long experience in Eastern Europe, in U. S. News & World Report: "What we are witnessing now is the gradual decomposition of the entire communist system . . . the ideas of communism are dead. What remains is the lumbering, armored body of Soviet military might."

This does not mean that there can be any relaxation in the Western world—its governments and forces must be more wary and alert than ever. To quote Mr. Lachmann again, "Dictators . . . are being cornered. It is well to remember that cornered animals often are dangerous." Desperate fanatics are capable of the most desperately fanatical acts. There is always the possibility that, seeing their own world collapsing under the weight of its sins and excesses, they will attempt to bring all the rest of the world down too.

This is speculation. But there is nothing speculative about the fundamental lesson that has come to us out of Hungary—a lesson that is destined to be read to us again and again, as communism goes through its death agonies, however long that may take.

Super-government, all-powerful government, monolithic government, socialism, communism—whatever name you want to use—is the implacable enemy of human freedom. It reduces the individual to the stature of a cipher. It makes a mockery of every concept of human dignity, human rights, the preciousness of human life.

Communism is simply the end of the line for that kind of government. Socialism is a way station. So are all other systems of government that attempt to do for the people what the people can and should do for themselves.

The thousands of Hungarian refugees who have been airlifted to this country know what slavery is, and how it is brought about in the modern world. They, along with the legions of their compatriots who fell victim to Soviet ruthlessness and savagery, placed the ultimate value on freedom. They risked all to gain it. They have set an example of courage and resolution that every American should understand and admire.

Moreover, the Hungarian blood-bath—and all the other ugly fruits of communism we see—should make every American resolve to keep the freedom we have, and to forever defend and support a system of government that is based on a high concept of the worth of the individual, and on the principle that the government is best which governs least.

* * *

Grass Roots Opinion

BENNINGTON, VT, EVENING BANNER: "We in America firmly believe we have found that better way of life. Certainly we are not overly endowed of a proper spirit with which to receive and enjoy that better life, but most of us are cognizant from today's news headlines that we are indeed a blessed people."

KETCHIKAN, ALASKA, DAILY NEWS: "After a reign of terror, murder, starvation and torture imposed by Soviet armed forces, just imagine what a wonderful Thanksgiving it was for Hungarian survivors who landed on American soil. . . . And yet there are people in this country, far too many of them, who give unfavorable comparison of our country with other nations. They don't seem to realize the blessed and protective inheritance they enjoy under the American flag."

ONIDA, S. D., WATCHMAN: "This newspaper never has made the claim that we print all the news. If we did some faces in the community would glow like Christmas trees."

PALMER, MASS., JOURNAL REGISTER: "We must never forget the infamies perpetrated by Communism nor must we ever lose our love for freedom."

ALLENDALE, S. C., CITIZEN: "South Carolina, home of state sovereignty, states' rights, and private enterprise, should be the last to sacrifice John C. Calhoun's stamping grounds on the altar of federal concontrol and socialistic power projects."

BERTRAM, TEXAS, BERTRAM ENTERPRISE: ". . . . "defective chimneys, carelessness with combustible materials or misuse of petroleum products rank high as causes of farm fires."

job of the members of the General Assembly, Scott declared that seldom has enough credit been publicly given for the careful consideration and analysis of legislation by members of the Senate and House. A six months' diet of attending sessions and committee hearings, debating the merits of a bill, listening to the demands of constituents and traveling weekly to and from home, places an arduous strain on the members.

In spite of the hard work done by the legislators, no one person could possibly study each of the bills introduced. For this reason, various groups, representing diversified interests, play an important part in the passage and defeat of legislation. The members of these groups, known as lobbyists, or members of the 'Third House', depending on one's viewpoint, serve a very useful purpose in helping to analyze and determine the effects of proposed legislation. Honest research and honest presentation of facts by such groups are welcomed by the assemblymen.

In the belief that the general public will be interested in the path a bill follows from the time it is introduced until it becomes a law, the Taxpayers' Federation will soon begin a series of columns on this subject.

High School Musicians Provide Entertainment For Women of Moose

Girls from the Antioch Township High School provided entertainment at the meeting of the Women of the Moose last week.

Janice Hughes, Penny Storch, and Judy Apostolou played a flute trio, and Sharon Gibbs, Penny Anderson and Barbara Fleider sang. They were directed by Louis Chenette, high school music department head.

Forty-eight women were present at the initiation part of the program, at which four candidates were inducted. They were Mrs. John Paul, sponsored by Winnie Casperson, Dorothy Fitzsimmons and Bessie Fitzsimmons, sponsored by Alice Bushmole, and Mrs. Ray Eppers, sponsored by Blanche Horton.

A ritual practice will be held Monday, Jan. 14 and Tuesday Jan. 22. Co-workers have been invited to attend a meeting this evening at the home of Jane Meyers.

Refreshments at last week's meeting were served by the Child Care committee of which Bobbie Jean Ludford is chairman.

ILLINOIS TAX FACTS

"More legislation will be introduced in the 70th General Assembly, which convenes in Springfield next week, than the 2158 bills introduced during the last session," predicts Maurice W. Scott, executive secretary of the Taxpayers' Federation of Illinois.

Scott bases his prediction on the additional 31 seats created in the Senate and the House at the 1955 Session. Formerly, 51 Senatorial districts sent a total of 51 Senators and 153 Representatives to the General Assembly. Now 58 Senatorial districts are represented by 58 Senators and 59 Representative districts have 177 members in the House.

The total membership of the new General Assembly is 235.

THIS IS THE BIG M FOR 1957

Styling from dream-cars

BOLD, IMAGINATIVE LINES—Here is the first dream car you can *own*—the first car you can *buy* with Dream-Car Design. Here's distinctive, *distinguished* styling shared by no other car.

FAR BIGGER IN EVERY IMPORTANT DIMENSION—This year Mercury has grown bigger in every important dimension. For example, there is more headroom, leg room, shoulder room, hip room.

size from expensive cars

action from sports cars

WIDEST RANGE AND CHOICE OF POWER IN MERCURY HISTORY—A 290-hp TURNPIKE CRUISER V-8 engine is optional on all models. In the Montclair series the standard engine is a 255-hp Safety-Surge V-8 with a Power-Booster Fan that saves horsepower other cars waste. A 255-hp Safety-Surge V-8 is standard in the Monterey series. A special M-335 engine (335-hp) is available at extra cost in Monterey models equipped with standard transmissions.

price just above small cars

Never before has so much bigness and luxury cost so little. And Mercury introduces features you can't buy *at any price* in other cars. *Mercury's new Dream-Car Design* is Mercury's alone. It's sleek, daring, clean-cut—makes other cars look plump and old-fashioned. *Mercury's exclusive Floating Ride* is the finest combination of bump-smothering features ever put between you and the road.

Check the low price tags in our showroom. You'll find you can get a new Big M for little more down—or per month—than for the lowest price cars. And what a lot more you get!

THE BIG M

ALL-WEATHER COMFORT IS NO LONGER A LUXURY! MERCURY'S NEW *CLIMATE-MASTER* COMBINES AIR CONDITIONING AND HEATING IN ONE LOW-COST SYSTEM!

STRAIGHT OUT OF TOMORROW MERCURY for '57 with DREAM-CAR DESIGN

Don't miss the big television hit, "THE ED SULLIVAN SHOW," Sunday evening, 7:00 to 8:00, Station WBBM-TV, Channel 2.

Mr. and Mrs. Joesph Nader, Sr. are enjoying a vacation in Florida for 2 weeks.

Genevieve Petersen and her cousin Myrtle Buckner of Waukegan left this morning to fly to Floida for 2 weeks vacation. They will visit Mary Wilton formerly a resident of here.

Caption Wesley Blumenschein of the Marines stationed at Quantico, Virginia spent New Years visiting his parents Mr. and Mrs. Clarence Blumenschein. His father is recovering slowly at the Condell Hospital where he has been a patient for 7 weeks.

The V.F.W. Auxiliary and their Community Service Chairman Veleria Sheehan will assist Lake Villa Township Polio Chairman Robert Bartz on a one night drive or funds.

On January 31, the Mothers will march from door to door between the hours of 7 to 9 p.m. Light up your porch so they will know where to stop. Lets make this drive a big sucess.

Mr. and Mrs. Jacob Fish had as their dinner guest last Thursday Evelyn Kibling of the Baptist home.

New comers welcomed to our Community are as follows—Mr. and Mrs. James Dunlap, For Lake Hills, Mr. and Mrs. Donald Gall, Mr. and Mrs. Herman Metz, Villa Heights, Mr. and Mrs. Jess Groft and son to Cedarcrest Subd.

Mr. and Mrs. James Virzi and family, Grand Ave, Lake Villa.

The Lake Villa Men's club have enstalled lights in Lehmann's Park, Cedar Ave. in Lake Villa so the children of the Community can go ice skating in the evening. The lights were enstalled by Willard and Howard Schneider.

Glen Bocox and Terry Nickerson are confined to their homes with Chicken Pox.

The V.F.W. Auxiliary will sponsor a dance at Downey Tuesday Jan. 15. Any-one wishing transportation should be at the Lake Villa Fire Station at 6:30 p.m.

Health Talk

Have You a Physician?

Unfortunately many persons wait until illness strikes before seeking a physician. This is a sad reflection on modern living, for seldom does anyone move into a new neighborhood, for example, without checking all facilities for shopping, transportation, schools and churches, according to the Educational Committee of the Illinois State Medical Society in Health Talk.

How about you? Who is your physician? Do you have someone to summon in case of sickness or accident? Do you have his name and where he can be reached near your telephone? Oh, it's easy, you think, to locate a doctor should the need arise, but why wait for an emergency to find out?

A doctor of medicine is a busy person. Not only does he keep office hours, but he spends hours making hospital rounds, providing free service in clinics, and teaching in medical schools. To keep abreast of the new developments in medicine, he must attend meetings frequently, not only of his hospital staff, but those of medical groups.

This is part of the road to being a good physician. It does not end with graduation from medical school, service as an intern in a hospital and subsequently a residency in a specific field of medicine should he decide to specialize. The approximate total of eleven years of preparation to earn the degree of medicine does not entitle him to practice, for there is the arduous examination by a state licensing board. This must be passed to be an ethical practicing physician.

And that is why you should know your doctor before the need for him arises. In Illinois the geographic population is covered by 93 county medical societies composed of physicians. Because of a citizenship stipulation, there are some ethical physicians who are not yet eligible for membership in their county medical societies; but these are known to their colleagues. And when the citizenship requirements have been complied with, they too will be welcomed into the county medical groups.

Thus, should you need a physician, call your county medical society, or call the hospital nearest you. You will be given the names of several doctors from whom you can make your own choice. Then don't wait for illness, but make an appointment to see that you like the person you have chosen.

Not all personalities take to one another, and physicians differ just as you and your friends do. Some openly display their warm-hearted natures, while others show reserve. Their individual makeup does not reflect on their ability as a physician, but you must choose the one in whom you can place your trust.

Choosing your physician is important, because he must be one in whom you can confide; to tell the truth to, so that he can be helped to make an accurate diagnosis. And then you must trust him, knowing that he will keep your confidence.

Once you have found your physician, stand by him as he will stand by you. Don't hesitate to discuss fees, any more than you would the price of a suit. A physician must earn a living to maintain himself and his family, just as you do, and he'll expect and appreciate a frank discussion of the cost of medical service.

All Aliens Must Report Address This January

Chicago Immigration officials announced today that alien address report forms will be available at the Chicago Immigration office and local post offices beginning January 1 for the convenience of the more than 220,000 aliens expected to report their addresses to the Government in compliance with the law.

Robert H. Robinson, District Director of the Immigration and Naturalization Service, pointed out that it is important for each noncitizen to report his address to the Government each January because of penalties for noncompliance.

Any non-citizen outside the country during January is required to file the report within 10 days of his return.

New Era Navy Offers More to New Enlistees

The Navy is presently going through the most tremendous change it has ever undergone. It is passing from steam to nuclear power, from gunpowder to nuclear weapons, from guns to guided missiles, and in the air from propeller-type planes to supersonic planes, all at the same time.

The change in ships began with the construction of the nuclear powered submarine, Nautilus. When it was found that the performance of that submarine exceeded all expectations, the Navy Department quickly began to design the New Era Navy. More atomic submarines were ordered built. The first of the nuclear powered surface fleet—a guided missile cruiser—is now under construction. A nuclear power plant for a carrier is also being built. Other atomic powered ships have progressed through the drawing board stage, including a carrier and a guided missile destroyer. All future designs are being planned around a nuclear power plant.

In the not too distant future, the Navy's surface fleet will consist primarily of nuclear powered guided missile ships and carriers. Combined with the latest in supersonic aircraft, its striking power, its maneuverability and its range will be tremendously increased.

With this new and highly technical equipment, it is necessary to properly train the personnel to man it. Accordingly, the Navy's school programs are continually expanding. Navy service schools provide some of the finest trade training available. In some cases, arrangements have been made with the manufacturers of certain special equipment to conduct schools for Navy personnel. Another recent Navy training program even gives the opportunity for certain qualified enlisted men to obtain a college education while serving on active duty.

To make these various training programs most effective, the New Era Navy needs intelligent young men of good character to absorb this knowledge and form the backbone of the naval forces.

Young men enlisting in the New Era Navy are on the threshold of a career of tomorrow. They will be educated and trained to operate and maintain some of the most highly technical equipment science has yet devised. They will be a part of the tremendous change that is presently taking place.

Extra Value At Jewel Extra Value At Jewel Extra Value At Jewel Extra Value At Jewel

This Week Prove to Yourself . . . Jewel Has
Better Grocery Buys!

How can Jewel bring you such low prices week after week? Let's use Jewel Maid Bread as an example (very specially priced at 15c this week):

In an average week Jewel customers take home more than 160,000 loaves of this delicious bread. That's volume selling in the fullest sense; low price necessarily follows. Secondly, Jewel Maid is our very own brand — made for and sold exclusively in Jewel Stores. Quality controlled by Jewel, too — so you consistently get a good loaf of bread. This then combines LOW PRICE and QUALITY. And it's only when these two are combined do you take home a good buy.

Health Talk

Have You a Physician?

Unfortunately many persons wait until illness strikes before seeking a physician. This is a sad reflection on modern living, for seldom does anyone move into a new neighborhood, for example, without checking all facilities for shopping, transportation, schools and churches, according to the Educational Committee of the Illinois State Medical Society in Health Talk.

How about you? Who is your physician? Do you have someone to summon in case of sickness or accident? Do you have his name and where he can be reached near your telephone? Oh, it's easy, you think, to locate a doctor should the need arise, but why wait for an emergency to find out?

A doctor of medicine is a busy person. Not only does he keep office hours, but he spends hours making hospital rounds, providing free service in clinics, and teaching in medical schools. To keep abreast of the new developments in medicine, he must attend meetings frequently, not only of his hospital staff, but those of medical groups.

This is part of the road to being a good physician. It does not end with graduation from medical school, service as an intern in a hospital and subsequently a residency in a specific field of medicine should he decide to specialize. The approximate total of eleven years of preparation to earn the degree of medicine does not entitle him to practice, for there is the arduous examination by a state licensing board. This must be passed to be an ethical practicing physician.

And that is why you should know your doctor before the need for him arises. In Illinois the geographic population is covered by 93 county medical societies composed of physicians. Because of a citizenship stipulation, there are some ethical physicians who are not yet eligible for membership in their county medical societies; but these are known to their colleagues. And when the citizenship requirements have been complied with, they too will be welcomed into the county medical groups.

Thus, should you need a physician, call your county medical society, or call the hospital nearest you. You will be given the names of several doctors from whom you can make your own choice. Then don't wait for illness, but make an appointment to see that you like the person you have chosen.

Not all personalities take to one another, and physicians differ just as you and your friends do. Some openly display their warm-hearted natures, while others show reserve. Their individual makeup does not reflect on their ability as a physician, but you must choose the one in whom you can place your trust.

Choosing your physician is important, because he must be one in whom you can confide; to tell the truth to, so that he can be helped to make an accurate diagnosis. And then you must trust him, knowing that he will keep your confidence.

Once you have found your physician, stand by him as he will stand by you. Don't hesitate to discuss fees, any more than you would the price of a suit. A physician must earn a living to maintain himself and his family, just as you do, and he'll expect and appreciate a frank discussion of the cost of medical service.

Here comes the Blue Chip line of trucks:
GMC's BIG 1957
MONEY-MAKERS
With new V8's to 232 hp
With 4- and 6-wheel models to 60,000 GCW
New cabs with 89" b.b.c.
With advanced Hydra-Matic Drive*

THESE '57 GMC's are going up against the amazingly low cost records set by their famous '56 versions.

But they've got plenty to smash those records with!

Engines, for instance. A high torque, 160-hp Six—a 206-hp V8—an even bigger one with 232 hp.

Hydra-Matic Drive has shift points relocated for vastly improved performance and economy.

4- and 6-wheelers with new axles and transmissions—36 models that can be practically *custom-built* for their jobs. Among them, cab-forward models with 89" b.b.c. dimension.

What you need, we sure have got. Call on us, and we'll have a man over to prove it.

*Standard on some models; optional at moderate extra cost on others

See us, too, for Triple-Checked used trucks

All Aliens Must Report Address This January

Chicago Immigration officials announced today that alien address report forms will be available at the Chicago Immigration office and local post offices beginning January 1 for the convenience of the more than 220,000 aliens expected to report their addresses to the Government in compliance with the law.

Robert H. Robinson, District Director of the Immigration and Naturalization Service, pointed out that it is important for each noncitizen to report his address to the Government each January because of penalties for noncompliance.

Any non-citizen outside the country during January is required to file the report within 10 days of his return.

New Era Navy Offers More to New Enlistees

The Navy is presently going through the most tremendous change it has ever undergone. It is passing from steam to nuclear power, from gunpowder to nuclear weapons, from guns to guided missiles, and in the air from propeller-type planes to supersonic planes, all at the same time.

The change in ships began with the construction of the nuclear powered submarine, Nautilus. When it was found that the performance of that submarine exceeded all expectations, the Navy Department quickly began to design the New Era Navy. More atomic submarines were ordered built. The first of the nuclear powered surface fleet—a guided missile cruiser—is now under construction. A nuclear power plant for a carrier is also being built. Other atomic powered ships have progressed through the drawing board stage, including a carrier and a guided missile destroyer. All future designs are being planned around a nuclear power plant.

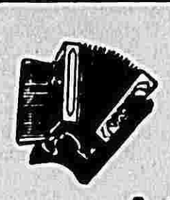

In the not too distant future, the Navy's surface fleet will consist primarily of nuclear powered guided missile ships and carriers. Combined with the latest in supersonic aircraft, its striking power, its maneuverability and its range will be tremendously increased.

With this new and highly technical equipment, it is necessary to properly train the personnel to man it. Accordingly, the Navy's school programs are continually expanding. Navy service schools provide some of the finest trade training available. In some cases, arrangements have been made with the manufacturers of certain special equipment to conduct schools for Navy personnel. Another recent Navy training program even gives the opportunity for certain qualified enlisted men to obtain a college education while serving on active duty.

To make these various training programs most effective, the New Era Navy needs intelligent young men of good character to absorb this knowledge and form the backbone of the naval forces.

Young men enlisting in the New Era Navy are on the threshold of a career of tomorrow. They will be educated and trained to operate and maintain some of the most highly technical equipment science has yet devised. They will be a part of the tremendous change that is presently taking place.

Extra Value At Jewel Extra Value At Jewel Extra Value At Jewel Extra Value At Jewel

This Week Prove to Yourself . . . Jewel Has
Better Grocery Buys!

How can Jewel bring you such low prices week after week? Let's use Jewel Maid Bread as an example (very specially priced at 15c this week):

In an average week Jewel customers take home more than 160,000 loaves of this delicious bread. That's volume selling in the fullest sense; low price necessarily follows. Secondly, Jewel Maid is our very own brand — made for and sold exclusively in Jewel Stores. Quality controlled by Jewel, too — so you consistently get a good loaf of bread. This then combines LOW PRICE and QUALITY. And it's only when these two are combined do you take home a good buy.

Miss Ruth Kufalk Recent Bride of Ens. Chas. Guthrie

Miss Ruth Eleanor Kufalk, daughter of Mr. and Mrs. Elmer W. Kufalk of Antioch, became the bride of Ensign Charles Stuart Guthrie, son of Dr. and Mrs. Richard Guthrie, Sr., of Ithaca, New York, in ceremonies December 29 at the Antioch Methodist church. The Rev Howard C. Benson officiated at the double ring ceremony.

Given in marriage by her father, the bride wore the traditional wedding gown of imported French lace and nylon tulle over shimmering satin, the sculptured lace bodice with long tapering sleeves featured a scalloped lace sequin studded neckline with an insert of nylon illusion edged in delicate lace flowered motif centered with pearls. Her fingertip veil of imported French illusion rosepoint lace fell from a crown of tiny rosettes of pleated tulle, irridescent sequins and seed pearls. She carried a bouquet of camellias and orchids.

Kathleen Kufalk was her sister's maid of honor. She wore a gown of pink velveteen, with matching hat and mitts. She carried a colonial bouquet of red poinsettia and carnations. Bridesmaids were Misses Lynne Rider and Elaine Melosi. Their gowns were of red velveteen with matching hats and mitts. They carried colonial bouquets of poinsettias and carnations.

Richard Guthrie, Jr., brother of the bridegroom served as best man. Lee Phillips and John Hutton, both of DeKalb, were ushers. Clarence B. Olson sang "I Love You Truly" and "The Lord's Prayer" accompanied at the organ by Mrs. William Dow.

The bride's mother wore an ice blue crepe gown with matching accessories and the bridegroom's mother wore a navy lace gown, with matching accessories. Their flowers were camellias.

Mrs. Guthrie is a graduate of Antioch Township High school and of Northern Illinois State college. Mr. Guthrie is a graduate of Northern Illinois State college and is a member of Delta Beta Epsilon fraternity.

A reception for one hundred and thirty guests was held following the ceremony at Wesley hall.

After a wedding trip the newly weds will make their home in Pensacola, Florida.

Engaged

Lillian Lenore McNeil

* * *

EXTRA ZONE: United States is about 3,000 miles wide, and has 4 time zones; Canada is about 5,000 miles wide, and has 5 time zones (Atlantic).

Miss Dorothy Ferris Is Bride of R. J. Gyzinski

Miss Dorothy J. Ferris, daughter of Mr. and Mrs. Paul M. Ferris, Lake Marie, Antioch, became the bride of Mr. Raymond J. Gizynski, son of Mr. and Mrs. Otto Gizynski, of Melrose Park, on Saturday, December 8. The Rev. Ralph J. Smith of Faith Methodist church of Waukegan, officiated at the double ring ceremony, which was performed in front of a candle-lit fireplace at the home of Mr and Mrs. Harry F. Rogers of Bluff Lake.

The bride, given in marriage by her father, chose for her wedding a ballerina length gown of nylon lace and tulle, with long tapering sleeves and fitted bodice with a Sabrina neckline outlined with irridescent sequins, the full skirt was accented with tiers of nylon tulle and lace ruffles. Her shoulder length French illusion veil was secured to a sequin studded tiara. She carried a white Bible adorned with white orchids and carnations.

Mrs. Rogers attended the bride as matron of honor; her gown was of gentian blue nylon lace over taffeta, her flowers were yellow roses. Mr. Louis Battistoni of Chicago served as best man.

The bride's mother wore a navy nylon lace gown with light blue hat and accessories. Her flowers were pink carnations.

Following the ceremony a reception for three hundred guests was held at Wesley Memorial hall.

After a wedding trip to Florida the newlyweds will make their home at Melrose Park.

* * *

American Motors Means More for Americans

MAIN GARAGE - 845 Main St. - Phone 1018 - Antioch, Illinois

New Numbering System On Car Title Records

Springfield, Ill. — Secretary of State Charles F. Carpenteir today announced the use of a new system of numbering motor vehicle certificates of title, using a coded number instead of a straight numerical progression.

Since the new numbers will contain symbols indicating the year the title is issued, the year model of the vehicle, the make of the vehicle and a portion of the factory number, it will no longer be necessary to maintain the present motor number file, which will in turn reduce from five to four the number of dexigraph copies to be made of the registration card.

This will result in savings conservatively estimated at more than $40,000 a year, although they will not be realized until the transition period from the old system to the new is completed, Secretary Carpenteir said.

Lindenhurst

Mrs. John Selzer - Correspondent
Telephone Elliott 6-1172

Visitors New Year's Day in the Stanley Sasiadek home were Mr. and Mrs. Lester Brewer of Chicago.

Visitors Thursday evening in the home of Mr. and Mrs. John Selzer were Mr. and Mrs. Vincent Smedley of Deerfield.

There will be a dance held at the Lake Villa School gym on January 19, for all the residents of Lindenhurst. Purpose of this dance is so everyone can have a chance to get to know their not so near neighbors.

Mrs. Evelyn Hay, leader, with her co-leader, Mrs. Mildred Shadick and committee mothers, Mrs. J. McDermott and Mrs. Ida De Somer, called a meeting on Jan. 7 at 1 p. m. at the McDermott home. The purpose of this meeting was to plan the program for this coming year for the girl scouts of Troop 29 of Venetian Village.

Mr. and Mrs. Frank Simecek have been busy remodeling the outside of their home. Now that it is complete for this phase it is very nice with Colorado stone siding. They have bigger plans for later on.

The officials of Lindenhurst held a meeting Jan. 7 in the John Slove home. Atty. Ellis Fuqua was there to advise them. They are hoping for an open meeting soon. Meanwhile they are seeking to form the rules and regulations for the governing of our newly incorporated village.

There will be a meeting Jan. 16 at 7 p. m. at Frolik's to discuss the formation of a men's club in Lindenhurst. Form letters will be mailed to all residents before that date.

Salem

Mrs. Byron Patrick, Correspondent
Tel Bristol 110-F22

(Written for week of Jan. 3)

Word has been received of the death of Arthur Manning of Sunland Calif. Mr. Manning was a son of the late Mr. and Mrs. Thomas Manning, also a sister of Mrs. C. V. Cook of Salem..

Mrs. Charlotte Bloss is spending a few days with Mr. and Mrs. Harold McSweeney of Delavan.

Mr. and Mrs. Orville Riggs of Stone Lake have arrived at the Robert Imrie home for an indifinite stay.

Mr. Wm. Griffin has returned to his home here after several weeks in Kenosha hospital due to a heart attack. Callers at the Griffin home during the holidays were Mr. and Mrs. Willi Griffin and family and Mr. and Mrs. Raymond Griffin and sons of Kenosha.

Miss Olive Hope, Jennie and Josie Loescher, Mrs. Charlotte Bloss, Mrs. Harrie Krautkramer and Mrs. Nellie Head were Christmas Day dinned guests of Mr. and Mrs. Milword Bloss at Wheatland.

Farm and Home Week Jan. 27-31

Home Bureau Units in Lake County are again planning to send delegates to the Annual Farm and Home Week Program which will be held on the University of Illinois Campus January 27-31. The County Home Adviser, Mrs. Helen Volk, is making plans for room reservations for the Lake County delegates at the Evans Hall Dormitory.

The program promises to be especially interesting again this year. On Tuesday, January 29, the Illinois Home Bureau Federation will hold their Annual Meeting. The speaker will be Dr. L. C. Jones of Piney Woods, Mississippi. Another outstanding speaker at the women's session will be Mrs. Marion S. Eberly, who will speak on "Financial Security for Today's Families."

Entertainment for the week will include: an Art Show, Music and Drama Festival and Folk Dance Festival. Complete programs are available at the Home Bureau office, 355 North Milwaukee Ave., Libertyville.

Tours of the new University of Illinois Home Economics Building and Child Development Laboratory will be highlights of Farm and Home Week.

DEGREES: In most marriages, he loses his bachelor's, and she acquires a master's.

70 Donors in Final List of Contributors To Rescue Squad Fund

A list of 70 donors winds up the 1956 campaign of the Antioch Lions Club for contributions to the Lions' Antioch rescue Squad fund.

The club expects to make a report of the 1956 campaign in which hundreds made contribution to the fund in appreciation of the volunteer service of the Antioch men.

The concluding list of donors follows:

Mrs. Francis Burke, Walter K. Hills, Walter Selter and Family, Women of the Moosse, Roberta Knirch, Chas. H. Hanke, Otto E. Loven, Otto N. Koenig, Edward Kaminski, Harry Freezor, Byron Patrick.

Mrs. K. D. Farwell, Dan Radakovic, C. J. Haselman, Jr., Chas. A. Coda, Ferinand Germi, Mrs. Marie Eldman, John M. Burton, Minnie C. Sheen, George Bacon, Howard T. Martin, Harold Sheen, Heart O' Lakes Ass'n, Mrs. Elsie Schramn.

Posch and Company, Kolars Shoe Service, J. Westhoff, Katherine E. Roth, Robert Griffin, Womens Club of East Loon Lake Shore, Louise A. Hanrahan, Vernon Rogers, R. A. Kaspareck, Mr. and Mrs. Albert Dittman.

A and M Kuhn, Nellie Hanke, R. Halversen, Allies Club, Loon Lake, Ill., Lillian G. Ackerman, Leslie Palmer, A. W. Shunneson, Carl R. Gibson, C. L. Wertz, W. L. Westgard.

Mrs. Charles Meyer, Margaret C. Bohlan, Mrs. H. J. Riess and Mrs. C. R. Kesler, Dr. W. A. Biron, Angeline Lepinski, Mr. and Mrs. Rhine Leitl, Richard Ohlgren, Roy T. Hyel, Theresa Lewis, James Raipenack.

Ladies Auxiliary of Felters Subd., Felters Assn., Sibyl Steiskal, Fritz Rydberg, Alfred Jeide, Melvin Umenhofer, Jr., Roy Slaughter, Clarence Crowley, Anton Johnson, Ida B. Chrisrolm, J. Medal, Clara and Emil Buchert, and Leo J. Fox.

The temperature of sea water varies from 28 degrees in Arctic regions to 90 degrees in tropical landlocked bays. Most deep water maintains a constant 40 degrees.

Ski Jump January 20

The Norge Ski Club's fifty second annual ski jumping tournament at Fox River Grove a week from next Sunday will give American followers of this spectacular sport their first view of the revolutionary "torpedo" style.

Home From Hospital

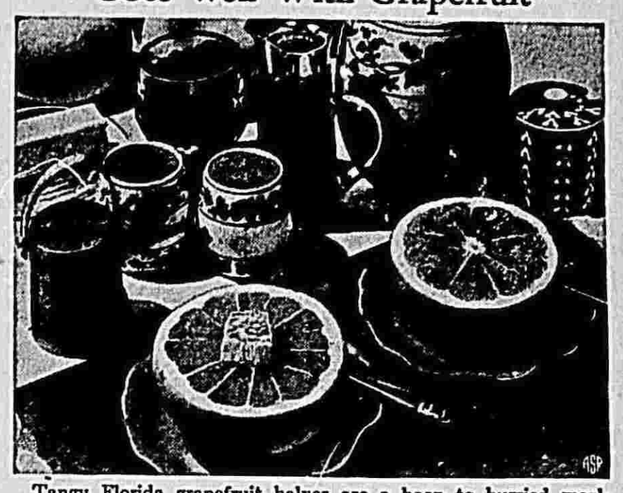

Roy Burdick, who was injured in an automobile accident Christmas Eve, came home from Victory Memorial hospital recently and is convalescing at his home at 246 North Avenue.

Sparks Set Slough Fire

The Antioch Fire department extinguished a fire at a slough opposite Smart's Country House last Friday. The fire started from burning rubbish at the rear of Antioch Recreation and burned over an acre of territory, according to Chief Edgar Simonsen.

Fire has made life possible in northern climates, and has destroyed many large cities—including Rome, 64; London, 1666; Chicago, 1871; San Francisco, 1906; Tokyo, 1923; Coventry, 1941; and Hiroshima, 1945.

Sugar 'N Spice, 'N Everything Nice Goes Well With Grapefruit

Tangy Florida grapefruit halves are a boon to hurried mealplanners, for with varintions in toppings they'll please every member of the family. Those who like things tart and on the sharp side may add salt or nutmeg, or eat the fruit plain. The sweet-tooths have a wide choice—honey, brown sugar, maple syrup, or molasses. And for a special flavor treat, put a spoonful of warm mincemeat in the center of each half. Sharp French dressing ladled over the sections is mighty good eating, too, as a dinner appetizer.

The fruit which Florida is shipping to all parts of the country now is of excellent quality. There is both the pretty pink-fleshed fruit and the white-meated; seeded or seedless varieties. When you purchase grapefruit, pick out the plump, heavy ones, and be sure to get the thin-skinned ones to get the most for your money.

To prepare for serving, cut fruit in half; with a sharp knife, cut around each section, loosening fruit from dividing membranes; do *not* cut around entire outer edge of fruit. Serve with any of the toppings mentioned, or dot with butter and put under your broiler until slightly browned on top. Broiled grapefruit is a good winter dessert, and one that's as good for you as it is good to eat.

Chicago Retail Food Markets January 7-12

CHICAGO—Retail food prices and supplies are normal and generally steady this first full week of 1957 with some seasonal price drops noted in beef and increasing hog arrivals that can be expected to lower pork prices soon.

The fresh pork decline at wholesale generally has not reflected at retail as yet. Beef is weaker, against backlog of quarter sections, with values in steaks and rib roasts. Owners of home freezers can do well to purchase fore- and hindquarters. Spot values and price concessions apply to some lamb items in many stores. Poultry meats, including frying chickens and turkeys, are higher. Eggs are cheaper.

Produce departments show many values in citrus lines, including heavier arrival larger Florida juice oranges. Tomatoes are lower. Fresh and canned apples are good values, too. Lettuce continues to range in quality and price.

No basic changes noted in groceries, but consensus values include frozen orange concentrate, chunk tuna, canned peaches, green beans, tomato juice and blended citrus juice.

University of Illinois consumer service weekly survey of Chicago-area wholesale-retail food markets spotlights the following values for the week ending Jan. 12: Beef—steaks and rib roasts; Pork—picnic hams; produce—fresh apples and canned apple products.

Consensus retail price tags noted in the metropolitan area include:

Beef—Choice grade lower hind and forequarter parts quote 53c and 37c per pound respectively. Sirloin steaks start at 75c and never quote above 85c, porterhouse quotes 85-95c, and round steak starts at 49c with 69c showing for center cuts. Roast prices include: Standing rib, mostly 59c but up to 69c, rolled rump and sirloins 85c, blade cut mostly 33c and highest at 37c, round bone priced in wider range than usual, about 15c higher than blade cuts. Hamburger, short ribs and plate beef are cheaper, too.

Pork—Retail prices expected to drop in view of the wholesale break, but this week expect: Loin roasts in most stores to range 33-43c for rib halves, 43-53c for loin halves. Center cut chops are mostly 79c, end chops ranging 43-47c. Fresh Boston roasts and heavier spareribs are popularly priced at 43c in most outlets. Confusion exists in cured pork lines, with better values common among picnics within a range of 29-39c. Smoked, boneless Bostons are a better value this week at 61c, but ranging 59-69c. Bacon quotes widely, mostly 59c for top brands, 49c for others. Smoked hams are unchanged in most stores at 59c for whole, smoked and seldom under $1.00 for center slices.

Lamb—A value, especially in many independent supermarts, leg roast ranging 49-55c. Shoulder cuts also are lower, roasts quoting 29-35c, chops starting at 49c. Rib chops quote 69-79c and loin chops 89c to $1.15.

Poultry—Eggs continue the downward slide, grade A large mixed lowest at 41c. Frying chickens moved up to 35c and range on up to 41c. Turkeys jump to 55c.

Produce—Little change noted. Apples are the most outstanding value at 2 pounds for 35c for McIntosh and Red Delicious from eastern growing areas. Tangerines are going out of style and slump in volume California navel oranges are higher in price. Florida juicers are still 39c doz. (176 size) but larger fruit is available.

In salad lines, tomatoes tend to quote downward, ranging 19-29c for 14-oz. tube. Lettuce ranges 19-25c by size and quality. Large cucumbers are quoted often 15c each. Higher prices are holding for peppers, green onions and California celery. New potatoes from Florida are available in some stores now at 10c lb. Dakota reds and Colorado McClures quote mostly lower, 10 pounds for 45c and 49c respectively. Idaho bakers are lowest at 10 lbs. for 59c.

C.A.A. Has Good Jobs, Air Controllers and Electronic Engineers

of the Civil Aeronautics Administration has announced it is recruiting 200-300 additional air traffic controllers, civil, electronic engineers, and specialists in connection with the increased air navigation control program approved by Congress.

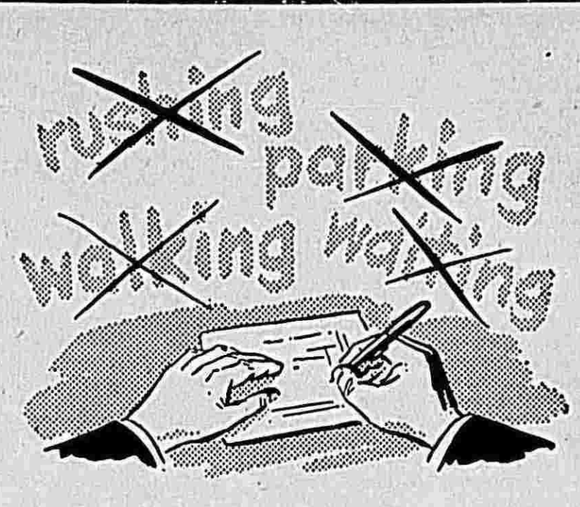

The positions, which are under civil service, are located in Michigan, Wisconsin, Illinois, Indiana, Missouri, Minnesota, Iowa, Kansas, Nebraska, North Dakota, and South Dakota. Beginning salaries range from $3,670 to $7,035 per year. Individuals with experience as a pilot air traffic controller, aeronautical communications, electronic engineer, or specialist are urged to write the Civil Aeronautics Administration Kansas City, Missouri, for details.

The 9-passenger Country Squire

The 6-passenger Country Sedan

The 9-passenger Country Sedan

The Del Rio Ranch Wagon

The Ranch Wagon

FIVE NEW FORD glamour wagons
long, low and loaded with Go!

Leave it to the station wagon leader to make the big news for '57! And what news! Wagons so big, so full of fine-car prestige that you'll wonder how it can be done at low Ford prices.

If your choice is the Country Squire, you'll be proud to pull up at the finest places in this new glamour wagon with its wood-like trim.

If your needs call for a 6-passenger wagon with four doors, you'll love the new Country Sedan. It has almost nine feet of loadspace—nearly a foot more than ever before.

There's still another 4-door Country Sedan. It has the extra third seat for 9-passenger room. And, as in all Ford wagons for '57, you have the new single-control handle which opens both the wrap-around liftgate and tailgate with one motion. And they can't be opened from *inside!*

There's good news, too, about Ford's popular Ranch Wagon. This 6-passenger, 2-door model features Ford's new subdued tones, and smart interiors which defy muddy little shoes and drippy chocolate cones.

In the wonderful way that Ford can take a fine thing and make it even finer, the Del Rio Ranch Wagon goes beyond the Ranch Wagon in style, fabrics and trim.

Better take a Ford wagon for a spin. You'll agree that for styling it's a sweetheart . . . for work and power, it's a obedient slave!

New '57 Fords have toughest shakedown cruise in history!

The '57 Ford broke 458 national and international records from 1 kilometer to 50,000 miles at Bonneville, Utah. For 50,000 miles, two '57 Fords averaged over 107 and 108 mph respectively. This time included all pit stops . . . the greatest endurance feat of all time!

THE MIGHTY CHRYSLER

Most glamorous car in a generation

It's triggered by a new TorqueFlite transmission

Want to pass a car or a truck on the highway? You don't have to kick the throttle to the floor. Just touch lightly . . . and ZOOM! Want to get out in front when the light goes green? Relax! Count five, then toe the throttle. You'll still be out there alone.

Mighty in power . . . but mighty easy to control, too! That's the performance story of the new 1957 Chrysler. A superb new airplane-type V-8 engine that develops up to 325 horsepower teams with a new TorqueFlite transmission, pushbutton operated. This powerful combination gives you a magnificent new hi-velocity getaway from standing starts, great reserve power for passing when you need it and velvety smoothness.

Yes, this 1957 Chrysler is every bit the streak of a car it looks to be. Come in and test it for yourself . . . compare it with any of the other new cars for power, performance, comfort and looks. More people than ever before are switching to Chrysler, and that puts us in excellent trading position to give you the best of deals on your old car.

• • •

Illustrated is the Chrysler New Yorker 4-Door Hardtop. The dual headlights, now permissible in all states, are optional equipment.

ANTIOCH SERVICENTER • Rts. 21 & 173 Antioch, Ill.

How to Get the Most Retirement Benefits

Thousands of farmers who are 65 or over will become eligible for social security benefits as of January 1, 1957, and they may receive monthly payments as high as $162.80 for husband and wife—but to get these they must do some planning.

There are three alternatives for planned retirement, says the Jan. issue of Successful Farming magazine. You can sell or rent your farm, do nothing, and get all your social security checks. You can rent part of the land, earn up to $1,200 a year on the rest of the farm or in some other job, and still get all your farm checks. Or you can go on farming and ignore social security benefits.

Several steps are important if you plan to retire. Wait until you have paid your 1956 income tax, then take the tax return and the cancelled check or your receipt to the district office of the Social Security Administration. Any local postmaster will tell you where to find the district social Security office, or will tell you when a social security field representative will be available in your area.

If your wife is 62 years of age or older, take her with you. Also bring proof of both of your dates of birth. The social security representative will help you apply for benefits.

The size of the monthly retirement check will depend on your average income, says the magazine. However, for each $80 over $1,200 a year earned after you retire, you lose one monthly check.

A farm wife, age 62 or over, is eligible for benefit payments as a dependent. But if she starts drawing before she is 65, she will get smaller checks—because she will be getting checks for more years.

If you are not eligible to receive a check for a certain month, no social security benefit is payable to your dependent wife. If only your dependent wife works, however, only her benefit will be affected.

Since there is no federal income tax on social security benefits, it may pay in the long run to take full advantage of them, even though you are able to work, suggests the magazine. By renting his property and accepting his full social security checks, a farmer may come out better financially than he would by working the property himself.

Liquid Feeds Are Here, Says Farm Magazine

Liquid feeds are no longer a thing of the future; they are here.

Just how far or in what direction liquid feeds will go has not been clearly defined, reports the January issue of Successful Farming magazine, but they are being developed and used right now.

Tanks, not bins, hold the ingredients; meter, not scales, measure them. Farm delivery is made with a tank truck, and feeding is simply a matter of opening a valve to fill a trough.

Most liquid feeds developed during the past few years contained molasses. It served two purposes: to supply needed energy and growth factors, and to act as a carrier for smaller amounts of other ingredients.

Now phosphoric acid has become an important liquid feed ingredient. The same substance often used in soft drinks for humans, it is a highly digestible soluble source of phosphorus for animals. Phosphoric acid prevents spoilage, makes feed unattractive to flies, and keeps the feed solution flowing freely at all temperatures.

To supply nitrogen, liquid feed manufacturers are adding a soluble form of urea. Another ingredient is ethanol, a form of alcohol. It accelerates the action of rumen bacteria, enabling the animal to digest and assimilate feed in a shorter time. Vitamins, minerals, and other important food products can be introduced into the liquid feed formula.

In fact, says the magazine, all elements required execpt part of the carbon can be fed to most farm animals in liquid form.

So far most of the attention has been devoted to beef and sheep liquid supplements. Untouched are the possibilities in other livestock enterprises such as dairying, poultry and hog production. Also, suggests the magazine, there is the possibility of feeding newly-discovered high-energy nutrients in liquid form.

Only time will tell how great the change will be to liquid feeds. Yet the magazine feels that liquid feeds do have a place in livestock feeding. Problems in manufacturing, distribution, and handling are being worked out as use increases.

Whistle Bait with a Wondrous Gait
(Just try today's Instant Dynaflow*!)
NO MATTER what make of car you're "going with" right now—here's one that will spark a new love light in your eyes.
This Buick's a fresh new beauty in looks, in lines, in sweeping contours. And a beauty in other ways as well.
Even for a Buick, this one's a joy and a treasure in the road-wise way it handles. In the way it levels with you on the turns. In the way it holds up its head whenever you give it the brakes.
But your longest whistle of sheer delight comes when you head this honey out of town and put it through its paces on the expressways and byways.
That's when you discover the exhilaration of *power-pitch* performance. When you fully appreciate the smooth and immediate response of the latest, greatest version of Variable Pitch Dynaflow—*instant* Dynaflow.
Yet this performance is more than a matter of transmission advances.
There's a whopping new 364-cubic-inch V8 engine to give it life. With 300 horsepower, 400 foot-pounds of torque, and 10 to 1 compression.
There's even more to keep you smiling—150 other brand-new features.
Including fresh decorative touches, new colors and interior trim combinations—and, of course, the extra safety and security of Buick brawn and ruggedness and solidity of construction.
So come in and go stepping with a new 1957 Buick. *Today.*
*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.
SAFETY REMINDER. In freezing weather, remember that anything on the road that looks like water can be ice. Drive as if it were. PASS IT ALONG.
SAFETY NEWS
Only Buick has the SAFETY-MINDER†
—a simple device that's a great boon to your safety. You merely preset the miles-per-hour you want. When you reach that pace, a warning buzzer sounds. Drop below that pace and the buzzer stops.

Annexation of Land.....

(continued from page 1)

the intersection of Grand Ave. and Sand Lake Rd. where land was donated by the firm of Engel and Sons. It was found that this partly swamp land would involve great expense especially as to laying of sewers.

The land was given to the school district with the provision that if it is not used for school purposes it will revert to the owners, who incidentally would have the same difficulty of improvement.

William H. Paulsen of the Millburn School Board, and Norman Jedele of the Antioch School board were present at the meeting and approved the transfer. The gain in Lake Villa's assessed valuation will be $87,000. The total ultimately will be $10,879,227.

The detachment from the Antioch district will mean that Lake Villa will assume approximately $2,460 of bonded indebtedness.

The area falls $4,000 short of the average taxable wealth behind each pupil in the district.

Supt. W. C. Petty's summary furnished information regarding financial affairs and taxe rates.

In the Antioch district, assessed valuation in 1955 was $14,924,942, the educational tax rate, .725 and the total tax rate 1.021. Bonded indebtedness as of June 30, 1956 in the 25-teacher school was $303,000.

In the Lake Villa District—with its assessed valuation of $10,792,227

The educational tax rate is .611; .918; the total tax rate 1.317. Bonded indebtedness in the 27-teacher school as of June 30, 1956, was $346,000.

In the Millburn district, the 1955 assessed valuation was $1,391,595. The educational taxe rate is .611; the total tax rate, .683. The two-teacher school has no bonded indebtedness.

All three schools have school bus transportation. Lake Villa and Antioch districts offer hot lunch programs; Millburn offers no such program.

All three schools were described by Supt. W. C. Petty as "average for their type."

Game with Grant High..

(continued from page 1)

present in the way of power is shown by the following statistics which have been provided by Coach Larry Leoni on the basis of this year's performances.

Antioch Varsity Basketball Statistics

Player	F.G.	FTA.	M.	Pnts.
Jerry Huml	60	89	65	185
Wayne Herbst	54	52	40	148
Art Hanke	43	33	26	..112

Tom Gudgeon	6	17	11	23
Leroy Gallagher	4	3	1	9
Roger Lang	2	3	2	2
Jerry Dittmer	1	0	0	2
Total	222	254	176	620

The Antioch Varsity Basketball team has averaged 59.7 points per game, while its opponents have averaged 56.5 points per game. The team's record at the present time is 7 wins, 4 losses. In conference competition, the Sequoits' record is 4 wins, 1 loss; the sole defeat being to Palatine.

Jerry Huml, 6' 1" forward, leads the scoring parade for the team with 185 points in 11 games for 16.8 average per game. Of these points, Huml has tallied 74 points in 5 conference games for a 14.8 average.

Conference scoring for the Sequoits has been as folows:

Player	Points
Wayne Herbst	79
Jerry Huml	74
Art Hanke	45
Lynn Bolton	23
Frank Ferdon	20
Dick Behrens	19
Sid Parker	10
Tom Gudgeon	10
Roger Lang	2
Jerry Dittmer	2

Scouts Beat Bristol, 65-53 . .

(continued from page 1)

(a team comprised of local merchants) and the Antioch High faculty.

The Scouts played McHenry Monday evening and defeated them by an 81-65 score. It was the second game between the two squads this season, Antioch winning the first 61-55 at McHenry.

The Scouts took an early 21-14 lead to end the first quarter but again slipped in the second period as McHenry took the lead at various intervals. The Scouts, however, still managed a 36-32 halftime lead. Antioch again pulled away in the second half. The third quarter ended 67-46 and the end of the contest came with the Scouts ahead 81-65.

Frank Balistreri and Al Reckers were the Scouts' most formidable scorers with 20 and 18, respectively. Bill Baird tossed in 11 while Quilty and Ring netted 8 each. Stan Alm and Art Erickson led the McHenry troop with 14 each and Nowack and Karras contributed 11 apiece.

McHenry will play the Scouts again on Thursday, Jan. 10, at Antioch, game time 8 p. m. The Elgin Morrisons will be in Antioch on Jan. 14 and 17. The Morrisons are led by former U. of Illinois star, Bob Peterson and are promising very rugged games for the Scouts.

Story of Salt to Be Told On T-V Sunday

"THIS IS THE MIDWEST" will investigate the story of salt, assisted by its guest Daniel Peterkin, Jr., president of the Morton Salt Company, on Sunday, January 13, from 2:30 to 3 p.m. on Channel 2. In addition, Dr. J. T. Rettaliata, president of the Illinois Institute of Technology will appear accompanied by a senior student from that school.

Mr. Peterkin, the son of a former Morton president, has been associated with the Morton Salt Company throughout his business career, and has been its president since 1941.

There are thousands of uses for salt, aside from the common table varieties, which are virtually unknown to the average person, and these will be explored. "Midwest" will explain how one person uses over two hundred pounds of salt per year. The uses of salt in industry, and just how the needs for salt has frequently decided the course of history will be discussed.

Wars have been fought over salt deposits or over salt taxes, and civilizations have succeeded geographically because of their access to salt. The word "salary" goes back to the Latin word for salt "sal," and refers to the fact that soldiers or laborers in classical times took part of their wages in salt.

"THIS IS THE MIDWEST" is a WBBM-TV production, sponsored by the Harris Trust and Savings Bank, produced by Bob Singer, directed by Phil Bondelli.

Gerald Eckles.....

(continued from page 1)

ment to Mr. Smith at the home and then had him taken to the hospital by State Patrolman Jack Wells of Antioch.

Antioch Rescue Squad members said that the shot struck Mrs. Smith aged 45, squarely in the middle of the back evidently being deflected from the backbone. Mr. Smith, aged 49, was struck near the left shoulder. The force of neither bullet was enough to pierce through the body.

The family, a short while before the shooting, had posed around their Christmas tree, Mr. and Mrs. Vestal and Virginia Eckles, 15, wife of the accused man, had gone to Antioch to deposit the film for processing when the shooting occurred.

Bride of Few Months

Mrs. Eckles is a bride of only a few months. She was given the consent of her parents for the marriage which reduced the motive by which Eckles would want to shoot his in-laws. Mrs. Eckles said her husband was very jealous of her.

Eckles was employed at the Foulds Macaroni Co plant in Libertyville, and on Tuesday morning went to work there with Donald Vestal, brother of his brother-in-law. He quit work, however, at 10 a. m.

Mrs. Smith said she saw him at 2 p. m. near her home and waved to him. Marvin Vestal saw him about 4 p. m. near Cox's Corner, the last that any member of the family saw him before the shooting, which occurred about 7 p. m.

Pictures of the bullet holes in the windows and footprints around the windows were taken by the police.

Officers at the scene included Chief Deputy Sheriff Norris Froelich; State Police Sgt. John D. Scott, Patrolman John Wells, and Patrolman Walter Desiner; Deputy Sheriff Charles Larson; Antioch Police Chief Walter Scott; and Sheriff's deputies Leonard Hink, James Repp, LeRoy Grever, and Hugh Kennedy.

Eckles' parents are said to be residents of Chicago.

The Smiths reside in a residence that was once a part of a golf course housing.

Northeast Illinois Agronomy Day Jan. 11 at Geneva

"What's New in Crops and Soils" will be the theme of the Northeast Illinois Agronomy Day to be held January 11 at the Farm Bureau building in Geneva. Acting as host, L D. Kerley, Kane County Farm Adviser, today invited all farmers and land owners in Northeastern Illinois to attend. The meeting will start at 9:30 a. m. The afternoon session will run from one to three.

Speakers from the University of Illinois College of Agriculture will include W. O. Scott, Earl Spurrier, L. B. Miller, and D. L. Mulvaney of the department of agronomy.

Topics on the program will include how to establish a legume seeding successfully, recommended crop varieties for 1957, special reports on grain sorghums, wide row corn and establishing legume seedings in corn, dwarf hybrids, minimum tillage research, nitrogen soil tests, best rotations and fertility, and what's coming in crops and soils.

Part of the program will be devoted to weed control. Special coverage will be given to eradicating Canada thistle and quackgrass. Other topics will be hazards of weed chemicals, proper sprayer adjustments, use of banding nozzles, suggested rates for best control at lowest cost, the new chemicals randox, dalapon, and amino triazole; brush control, crop desicants, and what to expect in the next few years.

This will be the first time an all-day meeting devoted to the latest in crops and soils has been held in Northeastern Illinois. Special exhibits and illustrated talks should make this a very interesting program. Agronomy Day is sponsored by the department of agronomy at the University of Illinois and the county agricultural extension services in Northeastern Illinois.

A Thermometer fastened outside your kitchen storm window will be easy to see on frosty days, if you follow this suggestion from the Jan. issue of Successful Farming magazine. Place a piece of cellophane tape on the inside of the storm window in front of the thermometer. It keeps frost from forming.

Russia seems to have put peace on a war basis.

A. T. H. S. Community P-T Meeting Features Panel on Teen-age Problems

The Community Parent-Teachers' meeting sponsored by the Antioch High School is scheduled for Tuesday. All parents and friends are invited to attend.

The program is as follows:

Panel discussion on the topic "Problems Concerning Teen-agers" from 8 to 9 p.m.

Girls' and boys' physical education demonstration in the boys' gymnasium from 9 to 9:45 p.m.

Social hour in the cafeteria from 9:45 to 10:30 p.m.

A general discussion on common problems between parents, teachers and students will be conducted by a panel composed of:

Moderator, Mrs. Jeanette Tulumello, teacher, sponsor of Student Council; William Baird-teacher, assistant sponsor of Council; Warren Polley-teacher, guidance counselor; Mrs. Virginia Filiatreault, parent; Mr. Harold Cardiff, parent; Jerry Huml, senior student, president of Student Council; Paula Zeien, Junior student, editor of school paper; James Oilschlager, sophomore student, class president, council member; Sue Romer, freshman student, council representative.

Some of the topics to be discussed are:

How much responsibility the teenager should accept in the home.

Preparation for worthy usage of leisure time.

How the young person can get the most out of school.

How to choose what teen-agers want to be when they grow up.

Financial problems of teen-agers.

Problem of dating among teen-agers.

Use of family car presents serious problem for many boys.

Problems of wearing apparel and fads.

Problem of vandalism among teen-agers.

Problems of drinking and smoking among teen-agers.

Problems of respect for authority.

Attitudes developed by teen-agers in regard to parents cause many difficult problems.

Approximately 200 pupils will participate in the 45 minute physical education demonstration. The girls' and boys' health departments will present many of the varied activities that the students participate in during the school year to develop strong minds and bodies.

Refreshments will be served in the cafeteria following the program. Pie slices and coffee or milk will be served by the cafeteria staff.

Lake County Poultry Day January 16th

Lake County Poultry and Egg Day will be held on Wednesday, January 16, starting at 11:00 a.m. at the WKRS Radio Station Studios. All poultry and egg producers in Lake County are invited to attend. The program will include a number of interesting features designed to benefit those who attend. Extension specialist, George Sweet, will discuss the 1957 poultry and egg outlook and also bring the latest information on poultry production practices.

A white and brown egg show will also be held, with prizes to be for the best dozen lots of eggs in each class.

One of the highlights of the meeting will be the dairy and poultry lunch to be served free at noon.

This meeting is arranged by Farm Adviser Ray T. Nichols, as a part Adviser Ray T. Nicholas, as a part of the Agricultural Extension Service program to serve the interests of Lake County people.

Governor W. G. Stratton To Start Term Monday

Governor William G. Stratton will be inaugurated for his second term as chief of Illinois at noon Monday. The inaugural will be held in the state Armory at Springfield. Chief Justice of the State Supreme Court Ray Klingbiel will administer the oath of office to the governor. The ceremonies will be carried on radio. and television networks.

Newly elected and re-elected state officials will be inducted in Armory ceremonies beginning at 12:30 p.m.

Three orchestras will furnish music for Governor Stratton's inaugural ball on the evening of Jan. 14. Dances will be held in the Armory and the first floor rotunda of the State House.

COLLEGE BRED: seems to be made from the flour of youth, and the dough of age.

Ciphering by Rule of Three Explained in Van Noy's Old Record

George A. Van Noy, Rte. 3 Antioch a carpenter, who came to this community a year ago from New London, Rolla County, Mo. is exhibiting an account book dating back to 1810.

The book, property of his mother Mrs. R. B. Caldwell of New London, and entitled "Tyre A. Haden's Cyphering Book" sets forth "The golden rule of three direct" in stanzas as follows:

"The Golden Rule hath numbers three
"The first and third must so agree
"That of one kind they may remain
"If to the truth you would attain."

Another stanza gave the rule "For Working" the rule:

"Then third by Second Multiply
"Divide by the first Igeniously
"Then will your quoteint Shew the same
"That you in Second place did Frame."

Something like that might have been "cipherin' to the rule of Three," for Abe Lincoln and other youngsters in his day, Van Noy opines.

Deadline for State Auto License Feb. 15

Springfield, Ill., Jan. 6—Owners of only about a third of the motor vehicles in Illinois have applied for their 1957 licenses at the present time, Secretary of State Charles F. Carpentier said today.

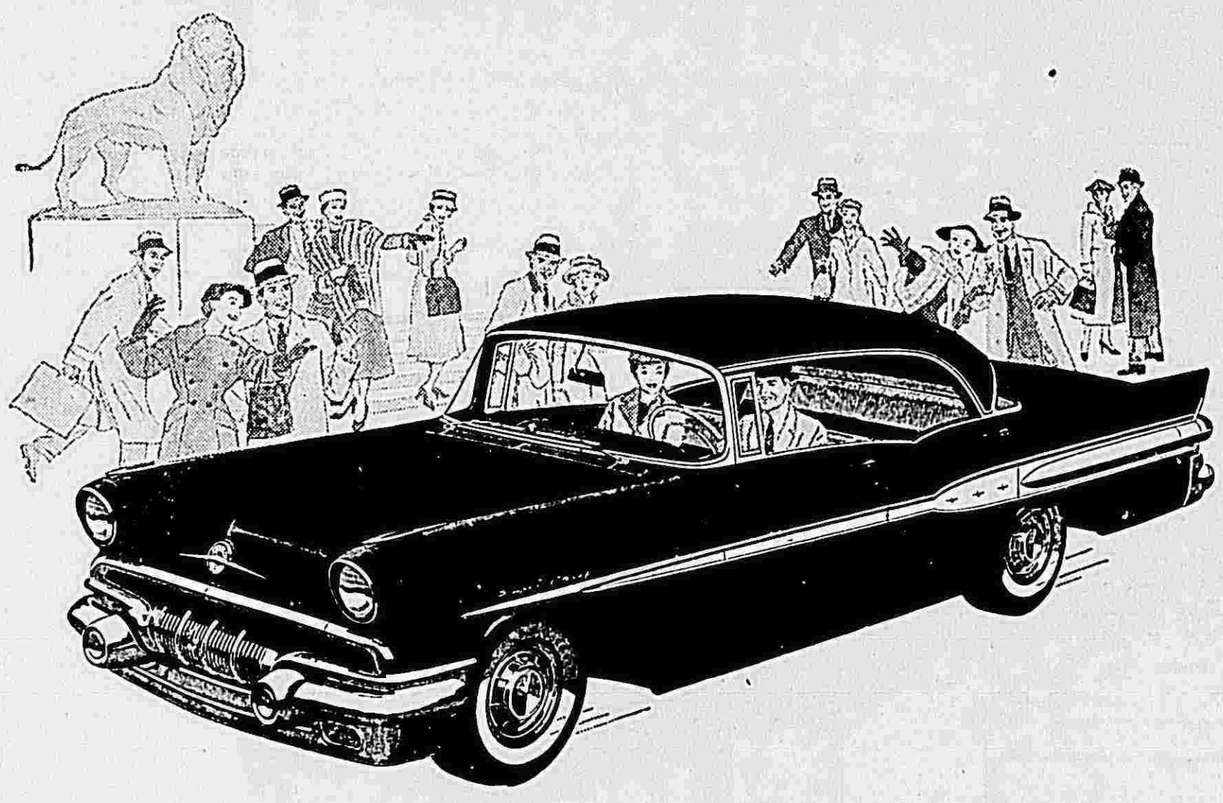

With the deadline for displaying current plates sets for no later than February 15, only six weeks remain for more than two million applications to be received and processed, Mr. Carpentier pointed out.

Applications sent by mail should be in the Automobile Department office two weeks prior to the deadline in order that motorists may be sure to have plates in time to display them by February 15, Secretary Carpentier said.

A total of 1,100,000 applications had been received through Friday, which is approximately 200,000 more than were received at the same time last year, Mr. Carpentier said. The expected final total is about 3,500,000, he added.

Home is the place where character, lives and bodies are built.

Pontiac put a new "OH" in smo-o-oth...

with an All-New Notion in Motion!

Take your first heart-lifting run in America's Number One Road Car and the miles whisper by so quietly and effortlessly only your eyes tell you that you're on the move. Never before have power, ride and handling been in such perfect balance with each other. Here's road-hugging heft and length so precisely controlled that corners magically change to curves . . . and curves to straightaways. With Pontiac's exclusive Strato-Streak power and its perfect running mate, Strato-Flight Hydra-Matic, you enjoy the security of constant and instant command of the most modern performance team on the road—cradled in a Level-Line Ride that floats you along like a leaf on a mill pond. And it's all yours proved as no other car in history—by a rugged 100,000-Mile Marathon Test Run! Doesn't this suggest that now's a wonderful time to come in and see what you've been missing?
